Strong & Secure

WireCrafters welded mesh locker construction is strong and secure, and gives installers more flexibility to custom fit and professionally finish storage areas, while eliminating clutter and efficiently utilizing available space.

Single or Double Tier

Single-tier, walk-in style lockers are perfect for storing tenants' out-of-season belongings. Double-tier lockers are ideal for buildings with limited space but a large number of residents.

Recoup the project cost in under 12 months by renting storage lockers to tenants at typical rates.
